To Whom It May Concern,

This is to certify that **Harsh Anand** completed his **Backend Developer Internship** with **Awwaltech Private Limited** from **25th May 2026** to **25th Aug 2026**.

During his internship, **Harsh** was responsible for developing and maintaining the backend applications. His responsibilities included creating API and optimizing application performance, and collaborating closely with developers and frontend developers to deliver high-quality user experiences.

He demonstrated strong proficiency in technologies such as **JavaScript, TypeScript, NodeJS, MongoDB,** and other modern backend frameworks, which contributed significantly to the successful completion of projects.

Harsh consistently showcased excellent problem-solving skills, attention to detail, creativity, and the ability to work effectively in a collaborative and fast-paced environment. His dedication, technical skills, and professional attitude were highly appreciated.

We wish **Harsh** all the very best in his future endeavours.

For **Awwaltech Private Limited**,

Muhammad Asif
Director
